

RESOLUTION NO. 2026-11

A RESOLUTION OF THE GOVERNING BODY OF THE CITY OF BURRTON, KANSAS, ESTABLISHING AN ANNUAL ADJUSTMENT TO SOLID WASTE COLLECTION RATES PURSUANT TO ORDINANCE NO. 660.

WHEREAS, Ordinance No. 660, adopted November 18, 2024, established fees for residential solid waste collection and provides that fees for the collection of refuse shall be established, reviewed, and approved from time to time by resolution of the Governing Body; and

WHEREAS, the Governing Body subsequently adjusted the monthly residential solid waste collection rate to \$28.28 per residential unit, inclusive of recycling pick-ups, and established a monthly fee of \$8.00 for each additional cart utilized by a residential unit; and

WHEREAS, the Governing Body finds that an annual adjustment to solid waste collection rates is necessary to provide adequate and predictable funding for solid waste operations and continued service.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF BURRTON, KANSAS:

Section One. Annual Adjustment. Beginning August 1, 2026, and on August 1 of each year thereafter, the monthly solid waste collection rate then in effect for each residential unit shall automatically increase by the greater of:

- a. Four percent (4%); or
- b. The percentage increase in the Consumer Price Index for All Urban Consumers (CPI-U), U.S. City Average, published by the United States Bureau of Labor Statistics, as calculated pursuant to Section Three of this Resolution.

The adjusted monthly solid waste collection rate shall be rounded to the nearest cent.

The annual adjustment provided for herein shall occur automatically without further action of the Governing Body; provided, however, that the Governing Body may modify the solid waste collection rates, annual adjustment percentage, or adjustment methodology at any time by subsequent resolution as authorized by Ordinance No. 660.

Section Two. Additional Cart Fee. Beginning August 1, 2026, and on August 1 of each year thereafter, the monthly fee then in effect for each additional cart utilized by a residential unit shall automatically increase pursuant to the same annual adjustment formula provided in Section 1 of this Resolution.

The adjusted additional cart fee shall be rounded to the nearest cent.

Section Three. Inflation Measurement. For purposes of determining the annual adjustment, the CPI-U percentage increase shall be calculated by comparing the CPI-U for June of the immediately preceding year with the CPI-U for June of the current year.

If the CPI-U is discontinued, materially altered, or otherwise unavailable at the time the annual adjustment is calculated, the Governing Body may, by resolution, designate a substantially equivalent successor index.

Section Four. Calculation and Publication of Updated Rates. The City Clerk shall calculate the adjusted solid waste collection rates annually in accordance with this Resolution and shall publish the updated rates on the City's official website prior to the first billing cycle to which the adjusted rates apply.

Section Five. Effect on Ordinance No. 660. This Resolution establishes an annual adjustment to solid waste collection rates pursuant to the authority granted by Ordinance No. 660.

All other provisions of Ordinance No. 660 shall remain in full force and effect.

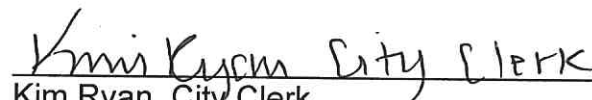

Section Six. Effective Date. This Resolution shall take effect and be in force from and after August 1, 2026, with the first annual adjustment applying to the billing period beginning on or after August 1, 2026.
